

## TAG Coding Sheet for BALOGH "OF" Read Only TAGS

TAG Coding Format (Check Box Below)

Decimal:  Hex:

***If TAGS are not to be coded in sequential order, then you must have one coding sheet per TAG.***

---

### For Tags to be programmed in Sequential Order:

Total number of TAGS in order:

In the boxes below fill in the the number you want programmed in each byte in either Decimal or Hexidecimal

FIRST TAG (in sequence) CODING:

Byte 0	Byte 1	Byte 2	Byte 3	Byte 4	Byte 5	Byte 6
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

LAST TAG (in sequence) CODING:

Byte 0	Byte 1	Byte 2	Byte 3	Byte 4	Byte 5	Byte 6
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

---

### For Tags to be programmed Individually

In the boxes below fill in the the number you want programmed in each byte in either Decimal or Hexidecimal

Byte 0	Byte 1	Byte 2	Byte 3	Byte 4	Byte 5	Byte 6
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

***Non-Sequential TAG coding must have one coding sheet per TAG.***

Purchase Order Number: \_\_\_\_\_ Circle One: OF-931   OF-73   OF-71

Signature: \_\_\_\_\_ Date: \_\_\_\_\_

***Coding sheet must be signed in order to manufacture and code tags.***

***NOTE: Once the Read Only TAGS are programmed during manufacturing the coding can not be changed.  
By signing this coding sheet you affirm that the above tag coding is correct and assume all responsibility for tags coded to this specification. Tags are Not Returnable, and Non-Refundable.***

Please fax this coding sheet along with the Purchase Order to BALOGH at: (810) 360-0237

If you have any questions please give BALOGH a call: (800) 252-RFID (7343)
